Congressional Candidates To Close Campaign At Sweetwater And Rotan

CLYDE L. GARRETT

OR HON. THOMAS L. BLANTON

One of the most active campaigns in the history of the 17th Congressional District is closing this Friday night. The candidates happen to be in the west end of the district, close together for their last rally.

Mr. Blanton, the incumbent, is spending his time Friday night, in Sweetwater, following-up his opponent, Mr. Garrett, who spent the entire day in Nolan County, closing the day at Sweetwater, to go over to Rotan to meet his friends in a three-county rally Friday night.

The Fisher County-Garrett Club invites Stamford, Anson, Hamlin, McCaulley, Roby, Sweetwater, and all the county to meet in Rotan at 8:00 P. M. Friday night for the final rally.

The McCaulley Boosters expect the Jones County delegation to come by that place and all go from there to Sylvester, Roby and to Rotan, starting about 7:00 P. M. from McCaulley. It is planned to have short talks from each of the towns represented, just before Mr. Garrett makes his address.

TO FISHER COUNTY VOTERS

It is possible that I have not seen each and every voter in Precinct No. 2 in Fisher County. If I have not seen you, please take this as my personal request of you to give me your vote Saturday for Commissioner. To those with whom I have talked, let me say again, "I will appreciate your vote."

SOME FINE PIGS

I have some thoroughbred, six weeks old, White Pigs for sale at \$4.00 each, at my farm 1 1/2 miles from Boyd Chapel.

GEO. W. BRISTOW. (p)

Thursday night was historical in the campaign. While Mr. Blanton was making his last rally in Eastland County, Mr. Garrett was in a rousing meeting in Abilene.

It has been a very interesting contest. Let's all hope that the government of the U. S. A. will continue to function properly in spite of how the vote in the 17th District may go. Let's be liberal and say that if Mr. Blanton is returned to Congress, he will likely serve more cautiously in the future than in the past. And if Mr. Garrett becomes our Congressman, let's hope and believe he will profit by the knowledge and experiences of Mr. Blanton. Let's bear in mind that this and all governments is made up of individuals and that the people are the masters.

Here are OUR three cheers for the winner, Blanton or Garrett, either of whom shall have our friendship and sympathies as long as he shall serve with tolerance, reason and diligence, in the halls of Congress and among the constituency of his district.

MRS. JOE McCRARY HOST

TO WOMAN'S MISSIONARY CLUB

The Woman's Missionary Auxiliary of the First Methodist Church met in the home of Mrs. Joe McCrary, Monday afternoon, with Mrs. Otis Hopper and Mrs. Oscar Maples assistant hostesses.

Twenty-seven were present to hear the program on "Co-operative Healing" led by Mrs. J. E. Moody. Discussions were given by Miss Ella Temple and Mrs. L. H. McBride.

A short business meeting was held followed by a social hour, during which ices were served.

Don't keep what you borrow until you think you own it.

COTTON COMING IN EARLY, RAPIDLY

Back in June and all July this country had a good chance for a bumper crop of cotton. The hot weather has changed the whole picture by now.

Several weeks with no rain, plus blistering sunshine has played havoc with lots of the cotton. However, there are many fields that show freshness every morning and late in the afternoon. Such fields would likely fulfill all bumper promise if plenty of rain falls right away.

Cotton ginning is now one week old in Hamlin. Many bales have already been ginned to date by the four gin plants here. Farmers are also realizing that maybe the first picking is going to be the best seed for planting, and therefore much storage is taking place for that purpose.

This year as usual it is noticeable that on one side of the road is a good looking crop while joining it or on the other side of the road it is burned up. What makes the difference should be fully determined and all should profit by the findings.

It may be too early to guess at the crop in this county, but it is clear that it can't be what it was last season.

ERROR IN AMOUNT OF

FIRST BALE PREMIUM

Last week the Herald had it that \$48 was collected as premium—there were 48 contributors and not 55—the amount was \$35.50 and not \$48.

Since last week a number of bales have been ginned in Hamlin. Cotton under the relentless sun, has fired up badly and cotton is opening fast. It looks bad.

MUNDAY PLAYS HAMLIN SUNDAY

Munday and Hamlin are now tied for first place in the Wichita Valley League and will play here Sunday afternoon at 3:30.

With only two games remaining on the schedule, it will be a hard fight, as the winner of Sunday's game will be an odds-on favorite to finish at the top. Each team has won ten and lost eight.

Haskell and Anson are fighting it out for third place in the league. The third place team plays the second place team at the end of the schedule to determine the club to go into the play-off for the pennant, with the leading team.

Hamlin's line up: Allen, cf, Ensey, 2b, Harris, lf, Abbott, c; C. Portwood, rf, Weeks, 3b; Rowland, 1b; Grimes, cf; Sublett, Hughes, Pittman, E. Portwood, pitchers; Stewart, A. Ford, McCoy, (utility men).

SUL ROSS GRADUATES

BIG SUMMER GROUP

At the close of the 1936 Summer Session at Sul Ross State Teachers lege 81 bachelor's degrees will be conferred upon students and teachers from 51 Texas towns and cities in widely scattered areas of the State. The ideal climate at Alpine, the picturesque scenery of the Big Bend, the opportunities for side-trips provided by the college, and the addition of graduate work during the Summer Term are attracting students and teachers from all part of Texas.

One teacher from Hamlin will be among the members of the largest graduating class of Sul Ross since it began to confer degrees in 1926. Miss Jewel Dean will receive the B. S. degree and will teach at Texas City, Texas.

Miss Faye Cruse of Abilene, is beauty specialist at the Magee Beauty Shop, taking the place of Miss Mildred Amerson, who goes to a shop in Anson, after being in the Hamlin shop eighteen months.

Richard Lehman spent several days this week in the Dallas market getting ready for fall.

THE TICKET IN JONES COUNTY

Below is the probable line up of the run-off ticket to be voted upon this Saturday:

FOR STATE COM. OF AGRI- CULTURE:

J. E. McDonald
George B. Terrell

FOR CONGRESS 17th DISTRICT:

Clyde L. Garrett
Thomas L. Blanton

FOR STATE REPRESENTATIVE:

Travis B. Dean
Fred L. Thomas

FOR COUNTY TREASURER:

Frank Powell
Geo. W. Connell

Voting this Saturday is going to be fast and furious. The ticket will be easy to mark and the counting will be over in a jiffy. The suspense will end before midnight and half of the candidates will sleep soundly.

CHAIRMAN JOHNSON CAUTIONS

ELECTION JUDGES, SATURDAY

Thursday, the Herald had a phone call from Clarence Johnson, Democratic Chairman of Jones County, asking that we insert something on the line that he would be glad if the Judges of the Elections in the various boxes would see to it that each side of the Congressional contest be represented on the force. This is in view of the fact that there has been so much said and done in the closing campaign. In Hamlin, there is no need for worry about that point, and Mr. Johnson only desires to be cautious to avoid trouble or criticism.

TO THE VOTERS OF

PRECINCT NO. 1:

LADIES AND GENTLEMEN:

I am a little late, but I reckon it's better to be late than not at all.

To those of you who voted for me in the July Primary, I want to thank each and everyone, and assure you, as best I can, the same was appreciated.

And to those of you, who didn't vote for me, I am unable to say why you didn't, but I sincerely hope it was not because of something I have said or done to cause you to think hard of me or have hurt your feelings in any way.

Neither am I in a position to say how you feel toward me as a man and a citizen of your Precinct. But I do feel like I am in a position to know about how you rate my ability to handle the affairs relative to the Commissioner's office.

At the expiration of two more years, will be about 28 years in the same office for only two men and may I suggest, if we mean to make this office a life-time affair, let's just give the man a deed to it and save him and others the time, trouble and expense of having to make the race for same.

G. D. RANEY.

Mrs. W. H. Howell, who has been here for the past four months, with her father, B. E. Clements, who has been quite ill, returned to her home in Rochester Wednesday. Mr. Clements' health is much improved and he was able to go to Rochester where he will make his home with his daughter.

METHODIST PULPIT

SUPPLIED WITH SPEAKERS

During my absence the pulpit will be supplied each Sunday morning and evening. For this Sunday at 11:00 A. M. a Student from McMurry will preach and "Mother Simkins," Mrs. Longino's mother, will celebrate her eightieth birthday by bringing a message in her unique way at 8:15 P. M. "Mother" was eighty years young a few Sundays past. You will enjoy both these services. On August 30th, Rev. C. A. Long, our presiding elder, will preach at the eleven o'clock hour and announcement will be made later as to the evening message.

The meeting at McCaulley is all that we could expect this early in the meeting. There is good attendance and interest and we are looking forward to closing out with great victory. Mr. Bob Watkins, from Headley, Texas, is leading the song services and singing specials. Your visit would be appreciated at any of the services. McCaulley is just a few miles out of Hamlin and an invitation is extended to anyone interested to come out.

We urge you to take advantage of these few Sundays of out-of-town speakers and attend services. Not only will you be helped personally but you are due your church and community this boost to those who speak. Now that our vacation time is about over let's be punctual at Church and Sunday School.

MISS MARIE AKERS

RETURNS FROM CAMP MYSTIC

Last Saturday Miss Marie Akers returned from Camp Mystic, near Kerrville, Texas, where she spent the past eight weeks in a very enjoyable time. Miss Akers took especial interest in Archery, Riflery, Swimming, Arts and Crafts, Horseback Riding and Land Sports.

Miss Akers is displaying two pretty medals that she earned as a "Rifle Artist." Guess that is a good way to say it. Anyway, she never shot a gun till she went to Camp Mystic. She made Riflery her chief aim and also won two diplomas in this. In Arts and Crafts she featured a silver bracelet with her name on it, and a polo belt with her initials.

Miss Akers is very optimistic about the Camp, and says, "Next to Riflery I am interested in Archery, as that means handling arrows and bows (beaus). She hopes to return next year to this Camp."

EDITORIALIZING on publishers. It is now in order to say something on that line—we noticed an unusual item in a church paper—a paper that gives its space, except advertising, to articles on religious matters, and not on politics and common news rakings. The paper is published in Abilene, and we do not believe the minister publisher designedly inserted the famous Wright Patman article and announcement in the paper, adding fuel to a hot political pot, an article that might be found on the dirtiest sheet in the country. We say Rev. Malone is not to blame but certain other Abilene men who are recognized as good men, but over zealous for the cause of their friend and neighbor, Mr. Blanton. Sometimes the most cautious make errors when their anxiety for a friend or cause gets the upper hand of them. A religious paper might well avoid ugly politics unless there is a general moral or principle, at stake. Some seem to think that anything is fair in Politics, War and Love. The way for the over-zealous for Mr. Blanton, to hurt him is to inject too much politics into their church weekly paper.

&&&

EDITORIAL mistakes are galore every days — maybe a little paper like the Herald is also guilty—But it seems too bad for editorials to spring up on so many hurtful and silly things. In fact an editorial is a paper's expression on any subject—the most hurtful subject anybody has thought of is that so-called minister up in New York who wants a "Moratorium On Sermons." It is a pity even for such a fool idea to have ever been given publicity beyond his own church, if he had one. But there is always a simlin-headed cub reporter, with his flash light picture machine and pencil, looking for a sensational subject. The public is fed on too much of that stuff—you are telling us. We admit there can be too much preaching of the "rattle trap variety" and often a community suffers from "over preaching." Editorializing is contagious, as you see. One fellow voices his feelings on a subject and that prompts another to do likewise—for example down in "Rampant Louisiana" the other day, a "bathing suit wedding" was performed, all but the minister. The reporter got his "snap shot" OK and the scene made a mockery of marriage—later we might hear of a scandalous divorce suit, or something worse, however, the couple could be natural and settle down and grow up a fine bunch of children, in spite of the duck puddle" wedding—another good subject for editorializing would be the silly thing of having a rattlesnake in the court room—after all why not let's demand a moratorium on picture-taking and editorials.

Dr. and Mrs. Turner Bynum Jr. recently returned from an outing in the New Mexico mountains. His reports of horseback riding up there seems to have developed a question in the mind of his father, Dr. J. T. Sr. Dr. Turner tells it that he rode a pony and the saddle turned, giving him a severe jolt. The Senior Doctor says, "Shucks, saddle turn nothing—bet it was just an old fashioned case of buckitis—the boy just got on a mustang that humped up too much in the back." Putting all facts together—it seems both doctors are victims of a frame up. First, the young doctor wanted a vacation and told his dad to hold down the job while he was away, as all the patients were well—nothing much to do (that was a frame up). Dr. J. T. liked to have worked himself to death—even had the task of naming two new babies during the time, and went almost ten days without sleep. It rather looks like the elder doctor feels glad the younger one got "bucked off. Ted Russell might have done the frame up with the bronc.

PERFORMANCE!

A Good Refrigerator
must . . .

- Keep Foods Safely!
- Freeze Ice Quickly!
- Operate at Low Cost!

FOR TRUE VALUE . . . BUY AN ELECTRIC REFRIGERATOR!

• All refrigerators are not alike. All do not offer the same value or provide the same performance. Neither price nor appearance determine true refrigerator worth. The basic test of any refrigerator is its ability to provide satisfactory trouble-free performance all the time. Many buyers overlook this fact.

Buy your refrigerator this way!

First, and most important, demand that it maintain temperatures below 50 degrees. Many refrigerators cannot. Yet in temperatures over 50 degrees, food spoils quickly and endangers health.

Second, demand that your refrigerator freeze ice quickly. If it cannot, you are not receiving true refrigerator value. You must have fast-freezing ability in summer when ice needs are many and when frozen desserts are an important part of menus.

Third, look for low operating cost. But remember, low operating cost is worthwhile only when the above performance is maintained.

Demand evidence of such performance when you buy. If you do, you will choose a modern electric refrigerator and receive the utmost for your money!

★ MORERNIZE . . . CHOOSE AN ELECTRIC REFRIGERATOR ★

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule . . . and adds only a small amount to your total bill?

LITTLE LIGHTS ON LIVING

By MARIA LEONARD
Dean of Women, University of Illinois
© Western Newspaper Union.

THE SUN-LIT TOPAZ

ONCE when leaving France, I received as a gift a charming little necklace of silver and lapis lazuli. With the gift came to me the story of the maker of the necklace. A little Frenchman who owned a tiny shop in the Latin quarter of old Paris always informed his patrons, I am told, that he made his jewelry with gold, silver and love.

One day an American lady asked to see the most beautiful thing in the shop. Without hesitation he brought from a high shelf a tiny box. And showed his visitor a necklace containing a marvelous topaz, which he had bought after the war from a noble French family. "I wish I could buy it," the lady said. To her surprise he responded, "I am so happy that you cannot. Though I need money badly, I need its beauty more. Always when I am tired and disheartened," he said, "I hang my topaz in the window, the sunlight comes through it on my work bench, then can I make things more beautiful."

If that would sing in all hearts each day—"to make things more beautiful," what a different world we could make of this old planet. Wars would cease. Hearts of selfish greed would change and share with their neighbors.

We can make more beautiful the lives of those we meet each day, can glorify our work in office or home, no matter how humble it may be, can radiate from happy hearts the joy of living to even casual passers-by.

Early one morning sometime ago I was walking up the beautiful elm-bordered walk on the university campus. The day was glorious. There was still that untouchable freshness in air, trees and grass that only spring mornings have. It made one's spirit dance. I met a professor with his accustomed cane and brief case going to meet his eight o'clock class. One look at his frowning unhappy face, with mouth drooped and self-centered downward look, and my spirit halted, surprised that there was one, while walking under God's vaulted elms, constantly looking down. "No topaz in the window of his soul," thought I. A few steps further I met a freshman girl, whom I knew was having a hard financial struggle, working long hours after school, but, oh, what "a morning face" she had, radiant and lovely!

When the sunlight comes through the topaz of happiness, it will illumine not only our lives, but others as the sunlit topaz made radiant the tired heart of the little shopkeeper.

BUT'S PHILOSOPHY
by DEAN E. V. WHITE
TEXAS STATE COLLEGE for WOMEN (CIA)

Acting a lie is as bad as telling one.

Darkness has never failed to give way to light.

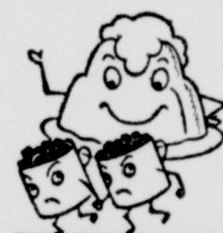

Nothing is gained in discussing the faults of others.

One needs no defense for doing right.

A few punctures — and many blowouts — occur on the road to success.

Mr. and Mrs. A. W. Gray of Georgetown, were up last week to look after their Jones County farms. They were disappointed in the crop outlook.

TWO cups of fresh blackberries won't make much of a show when served "as is." But 2 cups of fresh blackberries plus a package of lemon-flavored gelatin — and you'll have a dessert to give three cheers for. And, what's more, if berries are a trifle high in price, you can make this quantity of blackberries serve six people.

Blackberry Mold
1 package lemon-flavored gelatin;
1 pint warm water; 2 cups fresh blackberries.

Dissolve gelatin in warm water. Chill. When slightly thickened, fold in blackberries. Turn into mold. Chill until firm. Unmold. Serve with whipped cream, if desired. Serves 6.

Lady Took Cardui When Weak, Nervous

"I can't say enough for Cardui if I talked all day," enthusiastically writes Mrs. L. H. Caldwell, of Statesville, N. C. "I have used Cardui at intervals for twenty-five years," she adds. "My trouble in the beginning was weakness and nervousness. I read of Cardui in a newspaper and decided right then to try it. It seemed before I had taken half a bottle of Cardui I was stronger and was soon up and around."

Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.

Friday, Thirteenth, Is Her Birthday

Helen Boyd, bass violinist with Jose Manzanara and his South American orchestra, has been a member of the group since 1932. The Manzanara organization plays daily in the Ford court at the Ford Exposition in the Texas Centennial, Dallas.

Because she was born on a Friday, the thirteenth, Helen Boyd, bass violinist with Jose Manzanara and his South American orchestra, has no fear of that ominous combination. In fact this member of the group which plays nightly in the court of the Ford building at the Texas Centennial in Dallas, looks forward to such an eclipse of days and dates because in the past many of the finest experiences of her life have taken place on Friday, the thirteenth.

One of the first proofs Helen had of this fortunate combination came when she received, on Friday, the thirteenth, her first offer to broadcast as a violinist. The engagement was proffered by KFSD in San Diego, California.

On May 13, 1932, another Friday, Helen's phone rang, with an SOS call from a friend who was playing with Jose Manzanara and his South American orchestra. The friend told her the bass violinist had quit suddenly that morning and the job was hers if she wanted it. Weary of playing popular music, she welcomed the opportunity to play the unusual Latin American tunes for which Jose's orchestra is noted.
